RE: 3/28/19 Cerritos council meeting, agenda item 5B – Appointments to the city of Cerritos Advisory boards.

Dear Attorney Steres,

As you know, there were questions raised during the past appointment to the Cerritos Economic Development Commission. As you know it is very important for Cerritos residents that the newly appointed commissioners demonstrate their residency requirements and have no conflict of interest relationship with city hall. Please make sure that all the applicants are screened this time very carefully to avoid another embarrassment to our city when the new ones are appointed per the above agenda item.

Sincerely,

---
